PROFILE

MORE ABOUT ME (PDF) →

A driven **Front-End Developer**, who thrives on delivering high-end solutions for clients. Gained **more than 8 years of professional experience** at building e-commerce websites based on Magento for famous fashion brands, but in recent years has become interested in **ReactJs** and modern technologies. Previously, for many years, coded as a hobby and on a freelance basis in **JS, PHP, HTML** and **CSS**. Today - has a strong understanding of design principles and how to apply them to the web. A guardian of the cleanliness, quality of the code and the accessibility of solutions for people with disabilities. A great team player willing to share knowledge with the team. Has a good communication skill, ability to speak and write freely in English. A fast learner who is always seeking opportunities and learning possibilities. Currently is working with **ReactJs, TypeScript** and **TailwindCss** - and would like to develop a career in them.
